CELLULAR SHADES

ENERGY-EFFICIENT SHADES WITH STYLE.

CrystalPleat® Cellular Shades feature a unique cellular design that insulates windows to keep rooms warmer in the winter and cooler in the summer. Available in three opacity levels, three cell sizes and a range of on-trend fabrics and exciting colors.

GRABER SLIDE-VUE™ CELLULAR SHADES

ON-TREND, COORDINATED AND PRACTICAL.

Slide-Vue Vertical Cellular Shades are a great way to bring cellular style and energy efficiency to wide windows and patio doors. An easy-to-install headrail provides effortless operation. Available in three opacity levels, three cell sizes and a full spectrum of fabrics and colors that coordinate with our CrystalPleat® Cellular Shades.

Elegant Pleated Shades combine an eye-catching design with the beautiful colors and patterns of fabrics ranging from sheer to semiprivate. EvenPleat® Shades feature a patented design that will not sag or stretch over time, while FashionPleat® Shades are a more economical alternative with the same great pleated style.

PERFECTLY PLEATED DESIGNS CREATE IRRESISTIBLE DIMENSION.

PLEATED SHADES

NATURAL SHADES

NATURALLY ATTRACTIVE AND ENVIRONMENTALLY SOUND.

Crafted from renewable resources like bamboo, jute and grasses, Tradewinds® Natural Shades bring exotic texture and organic warmth to any room. Natural Shades are a great way to conserve our natural resources, and a selection of decorative embellishments make it easy to cater to any style.

ROMAN SHADES

ON-TREND DRAPERY STYLE WITH THE EASY OPERATION OF A SHADE.

Fresco® Roman Shades feature the full spectrum of style from timeless to ultra modern, all with the hand-crafted beauty of soft drapery. Available in Classic Flat style for a clean, traditional panel appearance or in Teardrop Looped style to add bold depth and dimension.

ROLLER AND SOLAR SHADES

PRACTICALITY MEETS SUPERIOR STYLE.

LightWeaves® Roller and Solar Shades offer an attractive mix of jacquards, stripes and woven textures with simple and dependable shade operation. Solar Shades are ideal for maintaining a view to the outside while minimizing glare on TVs and computers. Roller shades offer a variety of light-control options.

SLIDING PANELS

A STYLISH SOLUTION FOR WIDE WINDOWS, PATIO DOORS AND MORE.

Panel Accents™ Sliding Panels are a great way to create coordinated coverings for wide windows, patio doors and even room dividers. Match existing décor with LightWeaves® Roller Shade fabric, LightWeaves Solar Shade fabric, Fresco® Roman Shade fabric or Tradewinds® Natural Shade materials. Panels glide along a sleek aluminum track for smooth operation.

WOOD SHUTTERS

QUALITY CRAFTSMANSHIP AND LASTING BEAUTY.

Crafted from renewable North American hardwood, Traditions® Wood Shutters add lasting warmth and depth to any space. An extensive assortment of upgrades and specialty options make it easy to create custom Wood Shutters that are completely unique. Graber also offers a custom color program for shutters — our design team will match any color swatch or sample provided.

A living room with a large window covered in dark brown wood blinds. The room features a tan sofa, two dark brown armchairs, a coffee table with a bowl of popcorn and drinks, and a dark wood console table. The ceiling has a white arched structure with recessed lighting.

WOOD BLINDS

A NATURAL TOUCH WITH FUNCTIONAL EFFICIENCY.

Traditions® Wood Blinds are fashioned from renewable North American hardwood to provide the warmth of real wood with superior energy efficiency, privacy and light control. A rich palette of natural stains and paints make Wood Blinds easy to coordinate with any décor, and options like decorative cloth tapes and NoHoles™ further enhance privacy and light control.

FAUX WOOD AND COMPOSITE BLINDS

NATURAL APPEAL THAT LASTS IN TOUGH ENVIRONMENTS.

Lake Forest® Faux Wood Blinds and Traditions® Composite Blinds are an affordable way to add wood-grain beauty to high-humidity environments like kitchens and bathrooms. Available in a broad assortment of popular stain and paint, easy-to-clean Faux Wood and Composite Blinds won't warp, peel or fade, even in direct sunlight.

VERTICAL BLINDS

EYE-CATCHING VERTICAL STYLE.

Vertical Blinds create a sophisticated visual effect that is as clean as it is bold. Fabric and Solar louvers offer a range of light-control options, easy-to-clean vinyl louvers provide lasting beauty, and S-shaped louvers combine the appearance of soft drapery with the durability of vinyl. Coordinate with 2" designer vinyl blinds for a pleasing contrast.

**COLORFUL
CLASSICS
THAT ARE DURABLE
AND DEPENDABLE.**

Economical Horizontal Blinds make a colorful statement without dominating the room. Aluminum Blinds feature an anti-static finish that repels dust and resists scratches and stains. Designer Vinyl Blinds offer extra-thick PVC slats for improved privacy, durability and energy efficiency.

**ALUMINUM
AND VINYL BLINDS**
