*Shades that exceed the maximum fabric width will automatically be railroaded (i.e., turned 90 degrees clockwise).
 If there are multiple size shades on an order, some requiring railroading, you may want to request they all be railroaded for a consistent look.

**See price guide for cassette valance specifications.
 It is possible to substitute the large valance in place of the small cassette valance.

NOTE: Cassette valance must be ordered the same time as the shade; not available with reverse roll shades.

Valance Options
C = Cassette Valance
S = Square Corner Valance
